## ENGLISH CAMPS

Ages 6 to 12

Our week-long art programmes run in rotation all summer long. Programme activities are adapted to a range of age and learning levels.

### Almost Famous

Be in a band for a week! Mini-rock stars will create an album, design and print album artwork and posters, make pins and T-shirts, and shoot a music video. Participants can bring their own instruments, but no prior musical skills are required.

5 July–9 July: \$208 (\$245 for non-members)  
3 August–6 August: \$167 (\$196 for non-members)

### Imaginary Islands

Inspired by fairy tales, surrealism and old-fashioned storytelling, kids will design and build their own imaginary vessels and floating islands to launch in the Gairloch Gardens lily pond. Using traditional, unconventional and recycled materials, participants will work together on kinetic sculptures, art installations and storytelling projects.

12 July–16 July: \$208 (\$245 for non-members)  
30 August–3 September: \$208 (\$245 for non-members)

### Tune In

Get up off the couch and let your voice be heard! Taking TV shows and video art as inspiration, kids will create their own documentaries, cartoons, game shows, news stories — the possibilities are limitless. This is one show you'll want to tune in for!

19 July–23 July: \$208 (\$245 for non-members)  
16 August–20 August: \$208 (\$245 for non-members)

## Radical Gestures

Our bodies aren't just the stuff of science, but incredible art-making tools, too! From performance art to mythology to body science and sci-fi, participants will spend the week using sculpture and drawing to explore the creative possibilities inspired by the human form.

26 July–30 July: \$208 (\$245 for non-members)  
9 August–13 August: \$208 (\$245 for non-members)  
23 August–27 August: \$208 (\$245 for non-members)

## CAMPS EN FRANÇAIS

Pour francophones, trois programmes d'une semaine enseignés exclusivement en français. Les activités sont adaptées pour chaque tranche d'âge.

### Îles Imaginaires

pour les enfants de 6 à 10 ans

Prenez le large à Oakville Galleries ! Inspirés par les œuvres des surréalistes, les contes de fées et les récits anciens, les participants inventent et construisent des îles flottantes qu'ils mettent à l'eau sur notre étang à nénuphars. Installations et sculptures cinétiques sont au programme d'une semaine riche en collaboration.

du 19 au 23 juillet : 208 \$ (245 \$ pour les non-membres)

### Presque Célèbre

pour les enfants de 10 à 12 ans

À vous de jouer ! Durant cette semaine, devenez une star de rock et prenez part à de multiples expériences sonores et autres improvisations musicales. Les participants créent un album, des affiches publicitaires, des badges, des T-shirts et produisent des vidéo clips. Apportez des instruments de musique si vous en avez, mais aucun talent musical n'est requis.

du 9 au 13 août : 208 \$ (245 \$ pour les non-membres)

## Geste Radical

pour les enfants de 6 à 10 ans

Le corps est un outil extraordinaire avec lequel les artistes créent de plusieurs façons : certains l'étudient et le représentent (dessin, peinture, sculpture, photo), d'autres en font un matériau à part entière (performance), d'autres enfin le transforment et l'ornementent (la mode, la costume). Les participants passent en revue et expérimentent avec ces différentes façons d'engager le corps dans un processus créatif.

du 23 au 27 août : 208 \$ (245 \$ pour les non-membres)
